

# The Haven Autumn 2023

## English

### Dolphins

We will be using the book Dear Dinosaur to improve our narrative writing. We will be focusing on our sentence structure and writing letters.

In the second half term, we will working on non-fiction writing using the book Meet the Planets. We will be working towards writing a persuasive fact file.

As readers, some of us will be using Project X to improve our reading skills. Others of us will be using RWI to learn all of our sounds and implement these into reading.

### Whales

We will be looking at the journey of a River in the first half term and using this to write a non-chronological report about a river. Towards the end of the half term we will be looking at some Michael Rosen Poems and using rhymes to help us to write our own.

During the Second half term, we will be working on our narrative writing by creating stories based on a folk tale.

As readers, we will continue to follow Project X to improve our reading skills. Some of us will be

## Enriching experiences & Character building

Children will have access to Forest School provision at points throughout the year. We will endeavor to give children enriching opportunities via visits, in addition to those that they will attend in their Year group. Please keep an eye on the newsletter for details as well as any emails.

The aim of The Haven provision is not only to support the children's academic progress but also to develop their character, wider developmental skills and learning attitudes.

We focus on this daily through targeted support including fine and gross motor skills, speech and language devel-

## Maths

### Dolphins

Within our Maths Curriculum we will be working on different elements depending on the children and their starting point. Within all the areas of the curriculum the children will work on their problem solving skills which will include them being able to explain why an answer is correct.

In the first half term, this will include place value for numbers within 10 for some of us extending to numbers within 100 for others. We will then be using these numbers to help us to solve problems with addition and subtraction.

In the second half term, we will continue to work on our addition and subtraction knowledge as well as learning about shapes.

In all of our Maths lessons ,we will be using concrete resources to support the children and their learning will be enhanced by working in small groups supported by an adult. There will be a big focus on the vocabulary of all concepts taught and these are revisit-

### Whales

Within our Maths Curriculum we will be working on different elements depending on the children and their starting point. Within all the areas of the curriculum the children will work on their problem solving skills which will include them being able to explain why an answer is correct.

In the first half term, we will be extending our knowledge of place value before using these numbers to solve problems with addition and subtraction.

For Autumn two, we will be continuing to work on our understanding of addition and subtraction as well as learning about different 2D and 3D shapes.

In all of our Maths lessons ,we will be using concrete resources to support the children and their learning will be enhanced by working in small groups supported by an adult.
