

April 2025

Dear Parents and Guardians,

**Do you have a little one starting Reception, or moving into Year 1 or 2 in September 2025?**

Your child is entitled to Universal Infant Free School Meals (UIFSMs) – which are worth over £480 per year and that ‘saving’ can go towards your family budget.

UIFSMs is a Government funded initiative which is not means tested - ALL children in Reception, Year 1 and Year 2 are eligible; regardless of household income.

When you register, your child will be entitled to a healthy, balanced and nutritious school meal daily.

- This includes a hot main course and dessert to help ensure pupils are well set-up for learning.
- All our meals are compliant with Government Food Standards.
- 80% of our meals are made from scratch using fresh ingredients.
- All our Primary school kitchens are nut free. We cater for special diets and the 14 recognised Food Standard Agency allergies.

Our Primary menu and more information can be found [here](#). Please speak to your School Office to sign-up.

Kind regards,  
The Twelve15 Team

Ps. During the application process your school may also request details of other household benefits, this will not impact your eligibility for UIFSMs, but if you are in receipt the school can receive additional funding (a pupil premium).
