

Year 3 - Summer One 2025

As **readers**, we will continue to work on our comprehension skills and understanding through our reading of the Nothing to See Here Hotel by Steven Butler and a range of poetry from Day Dreams and Jelly Beans. We will also explore a range of non-fiction texts linked to plants.

As **writers**, we will identify the features of a non-fiction brochure and create our own brochure based on our Tin Forest text. We will continue to develop narrative writing using a short film to inspire a story. We will use varied sentences starters, include exciting adjectives and correct use of speech punctuation.

As **mathematicians**, we will be learning how to tell the time to the nearest minute, learn about Roman numerals and solve time problems. We will also learn how to convert, add and subtract pounds (£) and pence (p).

As **artists**, we will discover the work of William Morris and explore repeated patterns. We will make our own printing block and make repeated patterns using paint.

As **scientists**, we will ask questions and carry out investigations to find out what plants need to grow well. We will carry out investigations to identify different parts of a plant and the job each part does. We will discover how pollination occurs and consolidate our learning with a trip to Wisley Gardens!

As **historians** we will be exploring the strength and success of the Roman Army, and their impact on life in Britain, both in History and today.

In **RE**, we will be studying key milestones in the lives of the Jewish community. Children will cover Bar and Bat Mitzvahs, marriage, Passover (pesach) and other food festivals.

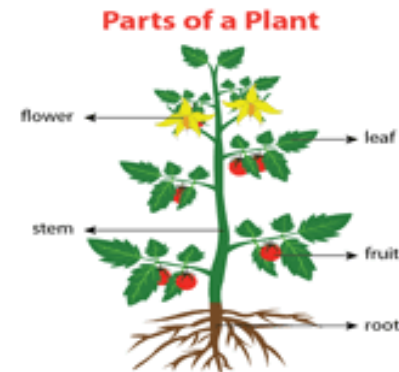

Growing together

Opportunities for all

Learning for life

Daring to dream
